Seagate FreeAgent Go Drive

The [Seagate FreeAgent Go Drive](#) (\$120-180): We absolutely *love* this thing, and not just because of the iPod-esque array of color choices and super slender body. This portable hard drive solution is designed to automatically back up all your stuff in case of a crash. And don't be fooled by its size—the Go Drive holds from 250 to 500 gigs and is easy to access via a simple (although sold separately) charging dock.

Three Potato Four Milk Bottle Carafe

Sometimes, we stumble across a product that just makes us smile, even if we're not sure what we're smiling at. Such is the [Three Potato Four Milk Bottle Carafe](#) (\$32), an adorably simple glass container which holds (duh!) 32 ounces of whatever you want it to—your morning OJ, a vase of flowers, even milk perhaps?

Pampered Toes

We don't usually hop on the "As Seen On TV" bandwagon (we're admitted skeptics), but ladies, [Pampered Toes](#) (\$10) are worth making an exception for. These funky looking treats for your feet are full of a soothing, gel-like substance. Stow 'em in the freezer, then throw 'em on your dogs after a long stint in your favorite [heels](#). The result? A spa-like experience on a bathroom budget.

Silence & Noise Brushed Professor Cardigan

Slip into something more sexy, and yet more comfortable, too, with this [Silence & Noise Brushed Professor Cardigan](#) (\$48). We love the details here— the button-down front, ribbed knit, shawl-like collar and cute patch pockets.

Cupcake Candle

You don't need the calories of a *real* cake—or at least not when you indulge in the [Cupcake Candle](#) (\$11). This realistic looking, sprinkled cupcake is actually a vanilla scented candle which burns for a full sixteen hours. Talk about a slice of (calorie-free, with a cherry on top) heaven.
